### CHURCH ANNOUNCEMENTS

What an Englishman Thinks of Us.

An Englishman who visited this country last year, in writing for the Wesleyan Magazine, of London, has this to say about the American:

"The American is a new type—quicker, keener, more adaptable than anything the world has seen yet. He is passionately in love with his own continent and his own flag. He is tired of Europe and wants to have nothing more to do with her. He can talk no language but his own and is proud of that fact. He is openly, notoriously, awed by his own power. He is courteous, considerate to women, and now in his own country generally sober. He is essentially humorous and generally kind. Not a bad sort if you get on his right side. But a very formidable person if you get on his wrong side." He has "sized us up" pretty well.—Christian Advocate.

When somebody asked Billy Sunday if a man could be a Christian without being a member of any church, he replied: "Sure! He could you cross the ocean without a ship. The swimming is fine! And that is about so. The place for a sheep is in some flock, the place for a child is in some home, and the place for a Christian is in some fold. Why not give your heart and life to Jesus and join the church? He wants you!—Exchange.

M. E. CHURCH, SOUTH.

Sunday, February 5, was an all round good day at our church. The Sunday school was largely attended, the attendance increasing and we are pleased to note the enrollment of new scholars in some of the classes.

After the Sunday school hour a good sized audience assembled for the regular church service and Rev. Bell, as he always is, was at his post and delivered a very strong, helpful and inspiring sermon. This being the first Sunday in the month as is the usual custom at this church the sacrament was administered and this was one of the best services we have been in for a long while. Rev. Bell, in extending the invitation to those who desired to commune, spoke tenderly and touchingly, and as he did so, Mrs. G. R. Vinson played the piano softly, sweetly and skillfully, and the entire audience seemed to feel the touch of the divine, and a large number meekly kneeling upon their knees at the altar took this holy sacrament. It appeared that all of these men, women and children were more determined than ever before to take higher ground in christian living. It was indeed a splendid service.

At night the Men's Bible Class had charge of the service and an interesting and helpful program was carried out. A. O. Carter presided. Next Sunday night again Mr. Berry's class will have charge of the service and this class would appreciate a good attendance at this meeting on the part of the members of the church and others who do not go elsewhere.

We extend a cordial invitation to all who may care to come to our Sunday school and to all our church services and in so doing we believe you will be benefited.

(The above was intended for a former issue of this paper. Since it was written the Men's Bible Class has had charge of two Sunday evening services with Judge T. S. Thompson and Capt. F. F. Preece as leaders with a good report for each evening. The church Reporter will probably furnish a more detailed report of the other two meetings for our next issue.)

The thrilling news from Satana, Kansas, reached us safely and we are rejoicing over the fact that John is a fadeless Rose. We are glad that the boys can go forth from Kentucky out into the wild west and proclaim and declare that they are "fadeless." We are sure that Kansas is highly complimented over the beauty of the "Kansas Rose." We are also aware of the fact that the beauty of this Rose is beyond all description. His beauty is set apart from all others, shining with a truer luster and a more benignant glory. We think that Kansas should erect a statue representing this beautiful Rose.

The girls from Dennis are eager to see the "Rose," and they are anxiously awaiting his return. DAISY.
